Dhenesh Kumar S

Front End Developer

9344368889 | dheneshkumar111@gmail.com | Portfolio

Professional Summary

Front-End Developer with strong skills in HTML, CSS, JavaScript, and modern frameworks like React. Experienced in building responsive, user-friendly web interfaces with a focus on performance and accessibility. Passionate about translating design concepts into interactive digital experiences.

Experience

Gowebez   Chennai

Front End Developer   *10/2021 - 02/2024*

- Highly dedicated Front-End Developer with 2.5 years of hands-on experience building unique web applications.
- Expertise in modern JavaScript frameworks, specifically React (v18+) and Angular (v16+).
- Skilled in state management using Redux Toolkit and React Hooks.
- Experienced in design implementation, API integration, and robust client-side validation.
- Strong focus on UI/UX, continuously improving technical skills to create user-friendly interfaces.
- Committed to writing clean, maintainable code and following best practices.
- Effective collaboration within Agile teams, participating in sprints, code reviews, and cross-functional development.

Kanam Latex private Ltd   Nagercoil

Front End Developer   *02/2025 - 09/2025*

- Developed and maintained the company's ERP web application using React and Node.js.
- Designed and implemented scalable, high-performance modules for the ERP system.
- Managed front-end and back-end integration to ensure seamless functionality.
- Ensured a responsive, user-friendly interface across devices.
- Collaborated with cross-functional teams to enhance ERP functionalities and streamline internal processes.
- Contributed to improving overall system efficiency and user experience.

Education

Anna University   Nagercoil

B.E   *07/2017 - 11/2020*

- Bachelor of Engineering (Electronics & Electrical Engineering) – Completed with CGPA 6.8
- Admitted through lateral entry after completing a 3-year Diploma in Electrical/Electronics Engineering
- Completed a 3-year undergraduate program specializing in Electronics and Electrical Engineering
- Studied key subjects including electrical machines, power systems, control systems, electronics, and circuit design
- Gained practical and theoretical knowledge in circuit analysis, system optimization, and problem-solving

Government Polytechnic College   Nagercoil

Diploma   *07/2014 - 05/2017*

- Diploma in Electrical and Electronics Engineering (EEE) – Completed with 74.45%
- Three-year technical program providing fundamental knowledge and practical skills in electrical, electronics, and power engineering
- Gained hands-on experience in circuit design, electrical machines, and control systems
- Developed a strong foundation for further studies in undergraduate engineering
- Focused on both theoretical concepts and practical application in the field of EEE

Skills

- Html
- JavaScript
- TypeScript
- Angular
- API
- Node
- Css
- Bootstrap
- React
- Redux
