FRONT-END DEVELOPER

DHENESH KUMAR S

Address: Nagercoil, India, 17/34, Dharmapuram, Eathamozhi, 629501

Email address: dheneshkumar111@gmail.com · **Phone number:** +91-9344368889

SUMMARY

Front-End Developer with around 3 years of experience in building responsive and scalable web applications using Angular, React.js, TypeScript, JavaScript, and .NET technologies. Skilled in developing user-friendly interfaces, integrating REST APIs. Seeking a challenging opportunity to leverage my technical expertise and contribute to innovative projects while continuing to grow as a software professional.

EXPERIENCE

JUNIOR SOFTWARE DEVELOPER | Dec 2025 — Jun 2026

Nohitatu Technology software solutions

Developing and maintaining enterprise web applications using Angular, TypeScript, and .NET 8 Web API. Building reusable Angular components, reactive forms, custom validators, and shared modules. Consuming and integrating RESTful APIs developed with .NET 8. Implementing authentication, authorization, and role-based access control. Working with SQL Server databases, stored procedures, and data-driven reporting features. Collaborating with backend developers, QA engineers, and business stakeholders in Agile/Scrum environments. Troubleshooting production issues, fixing bugs, and enhancing application performance. Using Git for version control and following clean coding and code review practices. Participating in requirement analysis, development, testing, and deployment activities.

FRONT END DEVELOPER | Oct 2021 — Feb 2024

Gowebez software solutions

Developed responsive web applications using React.js, Angular, TypeScript, JavaScript, HTML, CSS, and Bootstrap. Built reusable and scalable UI components following modern frontend development practices. Managed application state using Redux and Redux Toolkit for predictable data flow and improved maintainability. Developed and integrated RESTful APIs using Node.js and Express.js. Worked with MySQL databases, including CRUD operations, query optimization, and data management. Implemented authentication and authorization features. Collaborated with UI/UX designers, backend developers, and QA teams in Agile/Scrum environments. Improved application performance through code optimization, lazy loading, and component reusability. Used Git, GitHub, and Postman for version control and API testing.

EDUCATION

State Common Board of School Education - Nagercoil | SSLC

Jun 2013 - May 2014

Successfully completed SSLC with **78%**, demonstrating a solid academic foundation, dedication, and consistent performance. Developed strong analytical, problem-solving, and communication skills through academic studies, along with a disciplined approach to learning and achieving goals.

Government Polytechnic college Nagercoil - Nagercoil | Diploma Engineering

Jul 2014 - May 2017

Dedicated and motivated Diploma graduate in Electrical and Electronics Engineering with **75%** academic performance and a strong foundation in electrical systems, circuit design, and troubleshooting. Proficient in AutoCAD, MATLAB, and PLC circuit design, with the ability to learn new technologies quickly and solve technical problems effectively. Seeking an opportunity to apply my technical knowledge, contribute to organizational success, and grow professionally in the electrical, automation, or engineering field.

Vins Christian college of Engineering - Nagercoil | Bachelor of Engineering

Jul 2017 - Nov 2020

Motivated and dedicated B.E. Electrical and Electronics Engineering graduate with a strong foundation in electrical and electronic systems. Quick to learn, adaptable, and eager to apply technical knowledge and problem-solving skills in a professional environment while contributing to organizational growth.

SKILLS

Html | Css | Bootstrap | React JS | Angular | Typescript | .Net | MySql | Jquery | JavaScript ES6+ | API Integration | Responsive Design

LANGUAGES

TAMIL Native / **ENGLISH** Proficient

HOBBIES AND INTERESTS

- Learning new technologies and software development trends
- Exploring Artificial Intelligence (AI) and Generative AI
- Playing cricket
